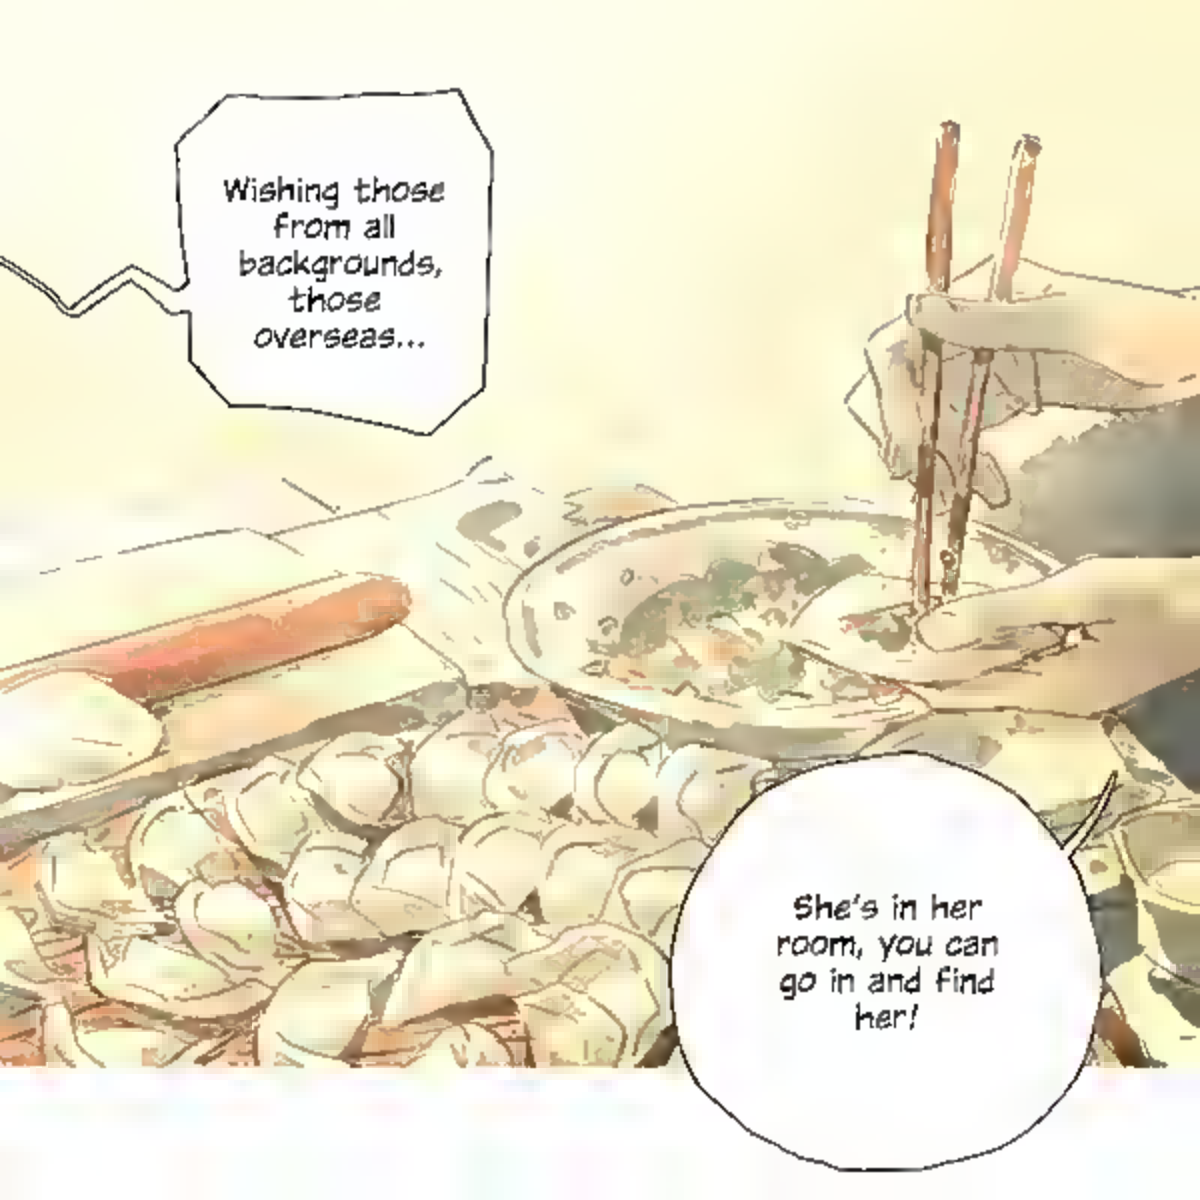
Beloved.

CHAPTER 10

DESPICABLE

@Jae-五主



Wishing those from all backgrounds, those overseas...
She's in her room, you can go in and find her!

Be careful while setting off fireworks in the yard...
Don't stand too close...

Wei Wei?

Why are you sleeping? Hurry! Everyone is waiting for you downstairs...

What's wrong? Not feeling well?
I'm not going.....
Your hands are so cold!
Xiao Ou

I think
I love
someone

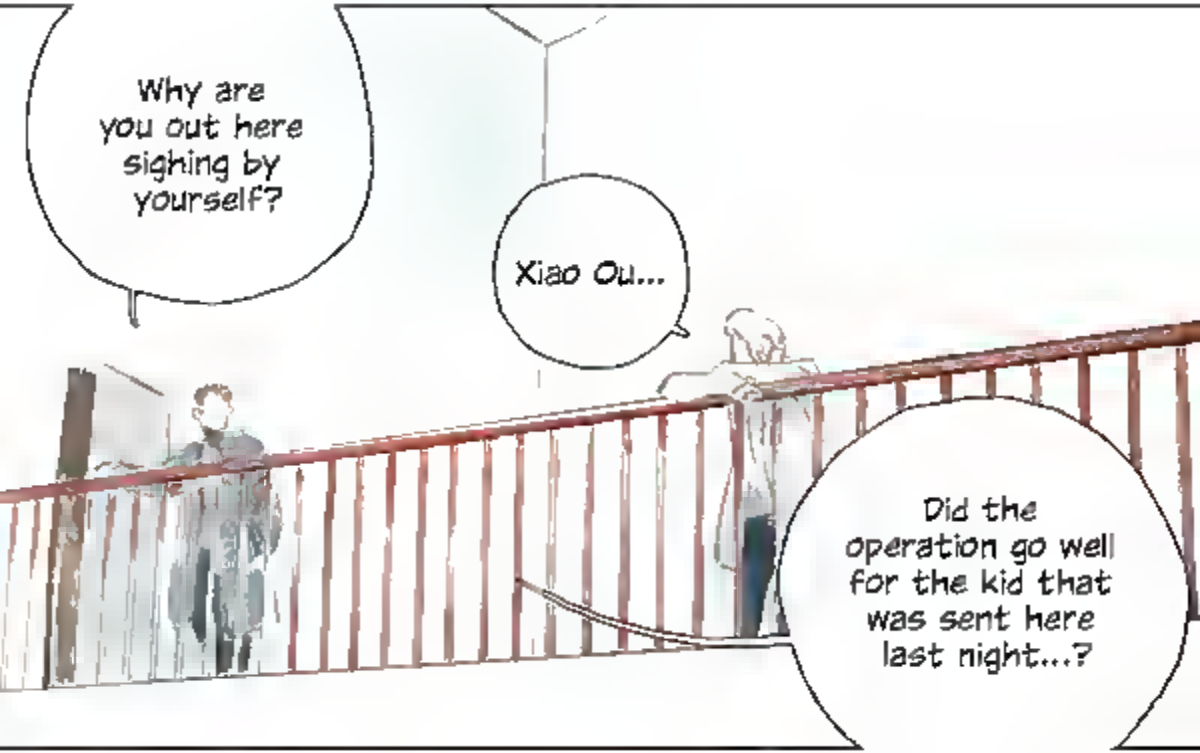
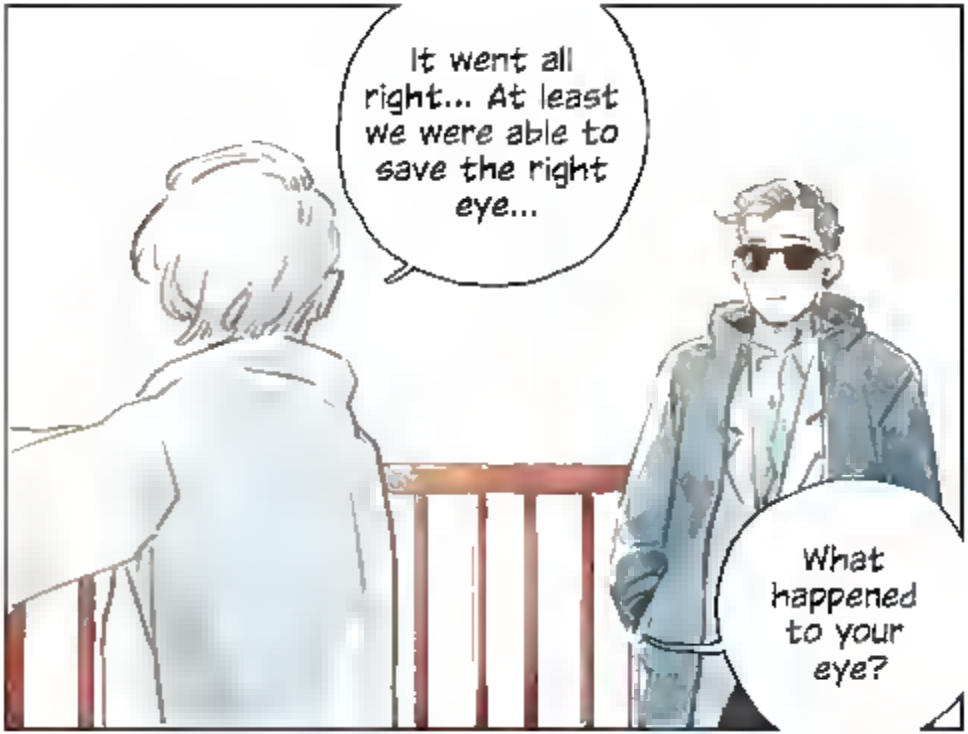
@Jae-五宝



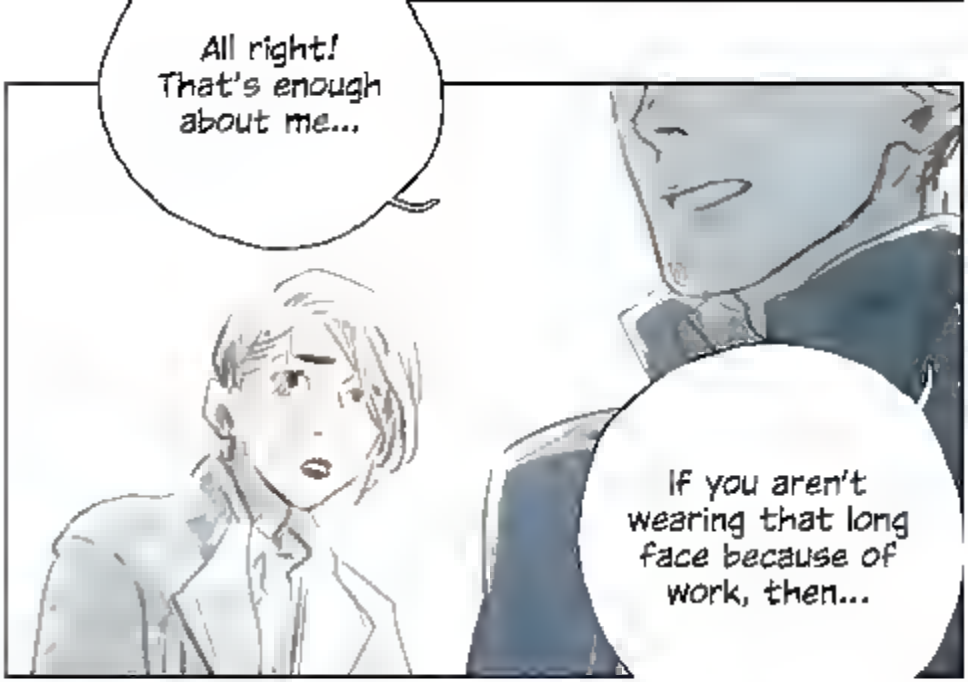
Why are you out here sighing by yourself?
Xiao Ou...
Did the operation go well for the kid that was sent here last night...?



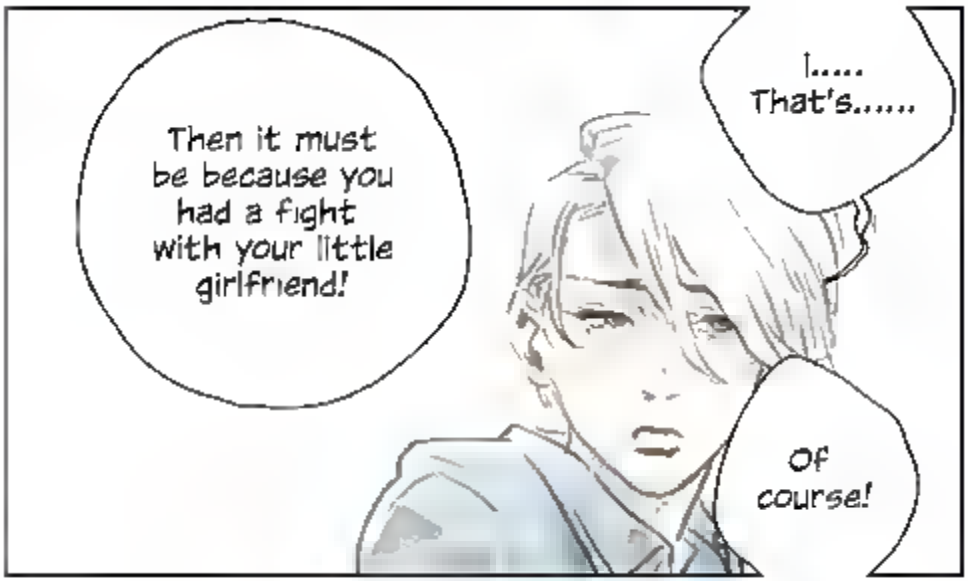
It went all right... At least we were able to save the right eye...
What happened to your eye?

Nothing, just changing up my style...

Xiao Ou,
did it happen
again...?

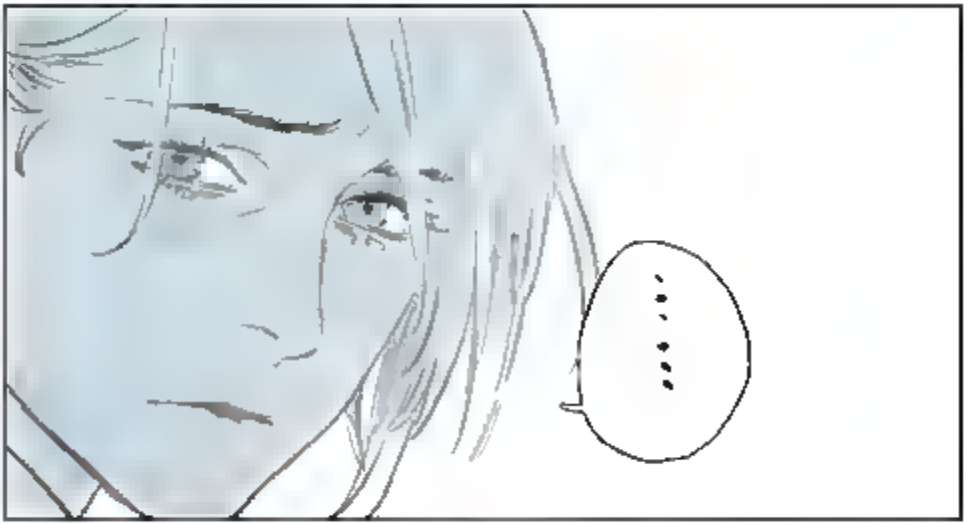


All right! That's enough about me...
If you aren't wearing that long face because of work, then...



Then it must be because you had a fight with your little girlfriend!
I..... That's.....
Of course!

Why did you fight? Could it be because she thinks you don't have enough stamina?
Quick, quick, quick, tell me!



Then you have to promise first that you won't be sarcastic...
Definitely won't, I promise!

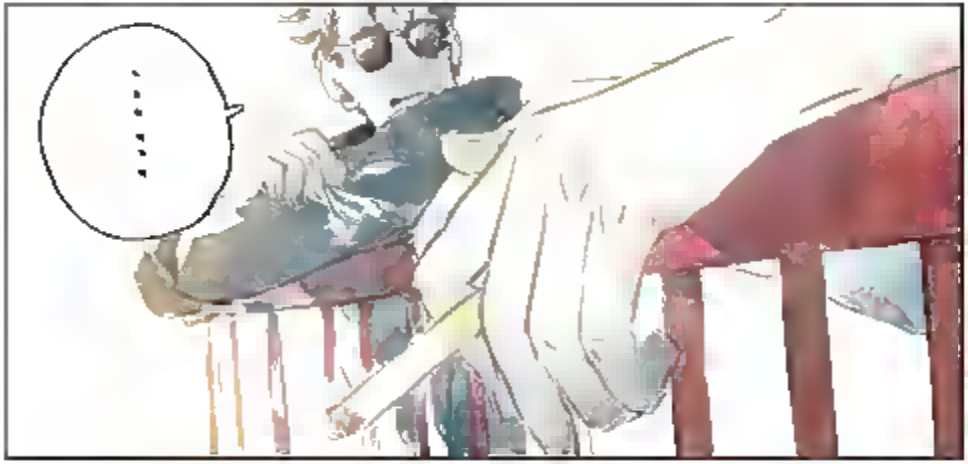
@Jae-五宝

Hahahaha!
Could there be more drama?

Can you stop laughing? ...I'm really bothered by this!!
Hey.....
I'm just envious of you, I guess you can say you'll have someone to take care of you when you're old?

You should have run into the crowd and held her, then shouted, "I love you too!"
Wouldn't that have been a happy ending...?
But.....

I didn't want to lie...



.....

Then you should have used the opportunity to break up.....

Three months isn't a short time, the novelty has probably worn off...
That's not what I mean...

Then what do you want?

Why are you holding on to her and not letting go?

Because...

Because.....

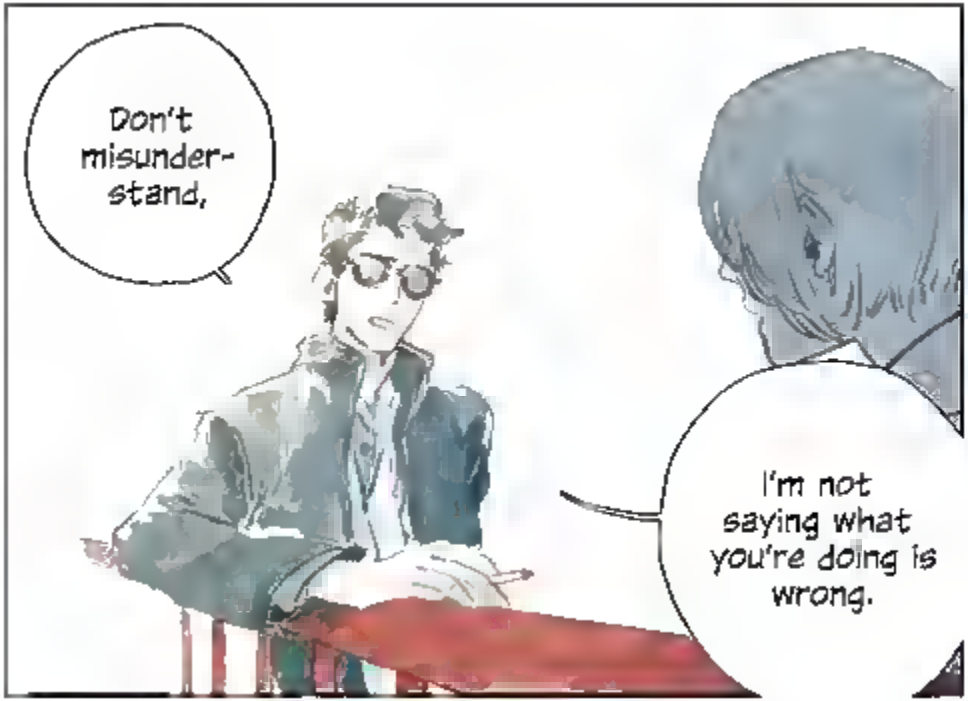
She's very warm.

@Jade-五主

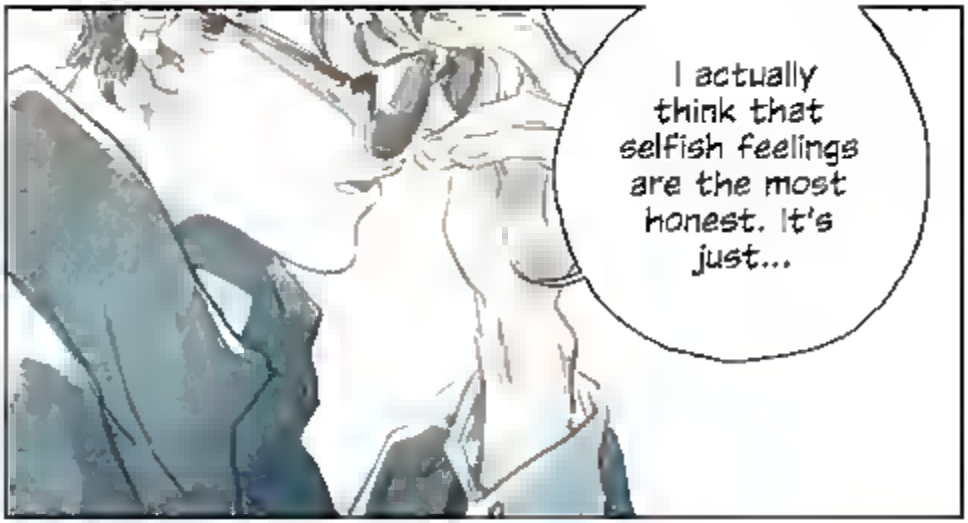
She can stop me from always looking back...

But who she is, isn't actually important to you... right...?

Selfish Dr. Wei.
No...



Don't misunder-stand,
I'm not saying what you're doing is wrong.

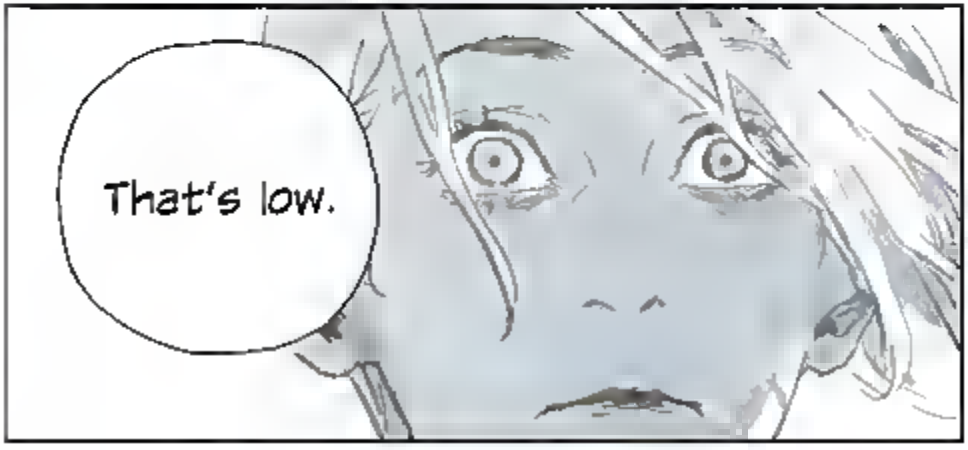


I actually think that selfish feelings are the most honest. It's just...

Don't you have the wrong person?

For this kind of game, you should find someone who is a formidable opponent.

Wanting a child to understand you.....
Guess your thoughts, coax you to be happy...



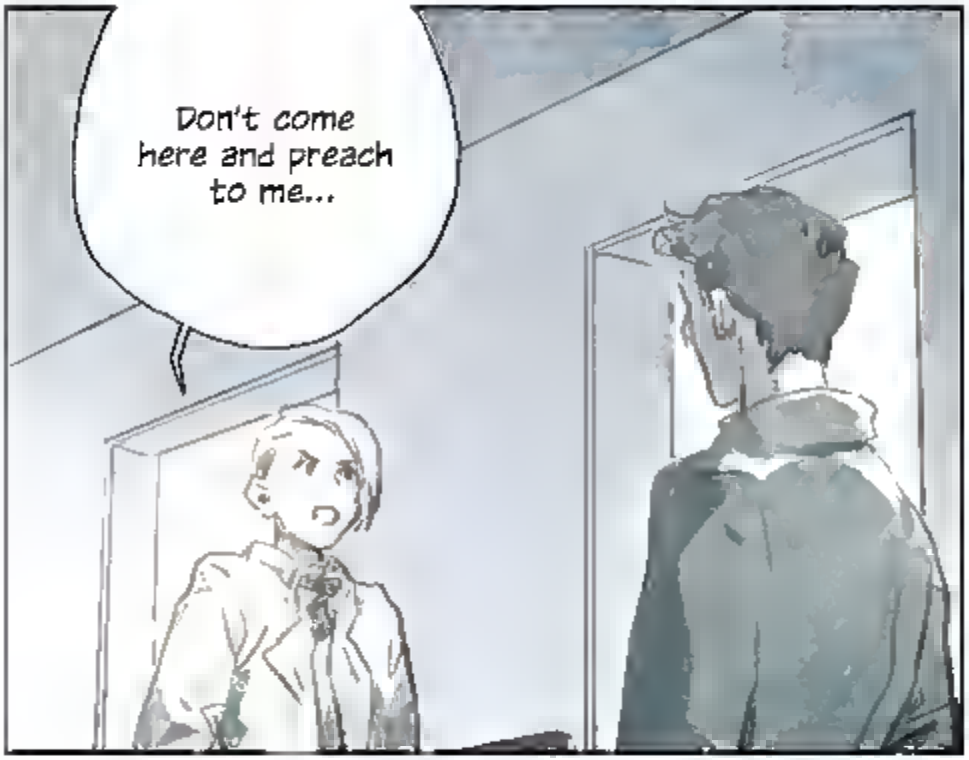
That's low.

I think you've known all along what you're doing.....

Before you really hurt someone, stop.

@Jue-五宝

Stop!

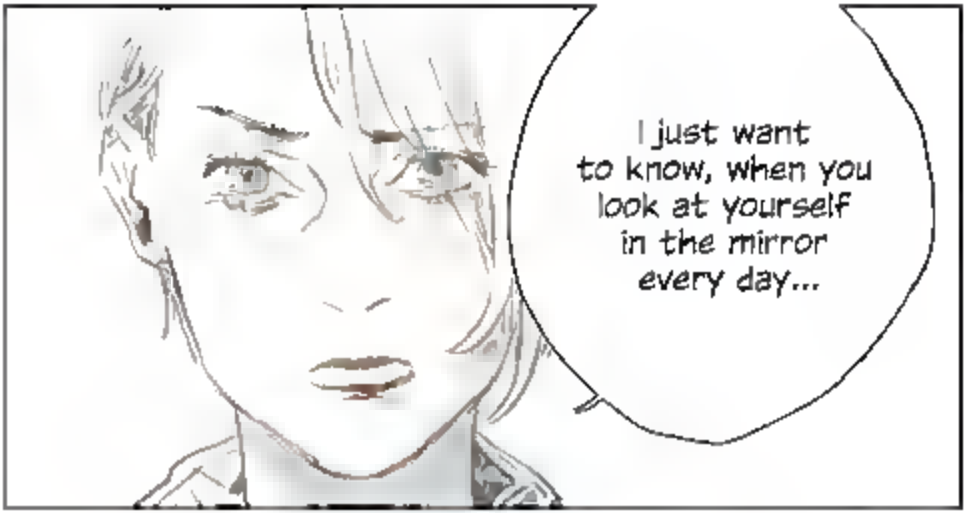


Don't come here and preach to me...

You are the last person who has the right to say this stuff to me!

You tell me I'm a hypocrite...
But tell me, is there any grain of authenticity in you?

!!

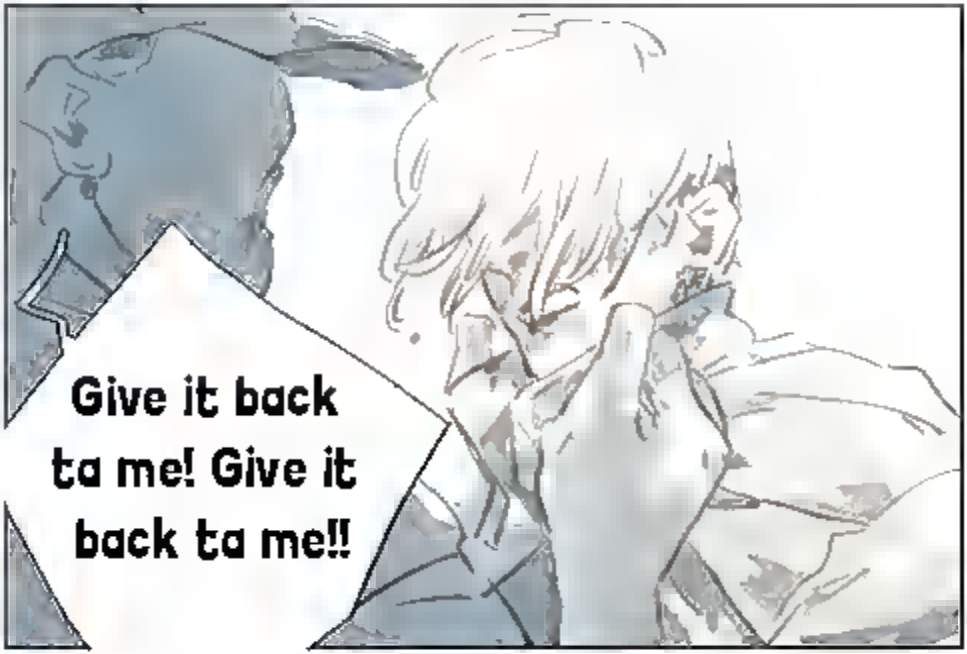


I just want to know, when you look at yourself in the mirror every day...

Wei Wei,
don't say
it.....

Don't you feel ashamed?!!
Enough!!

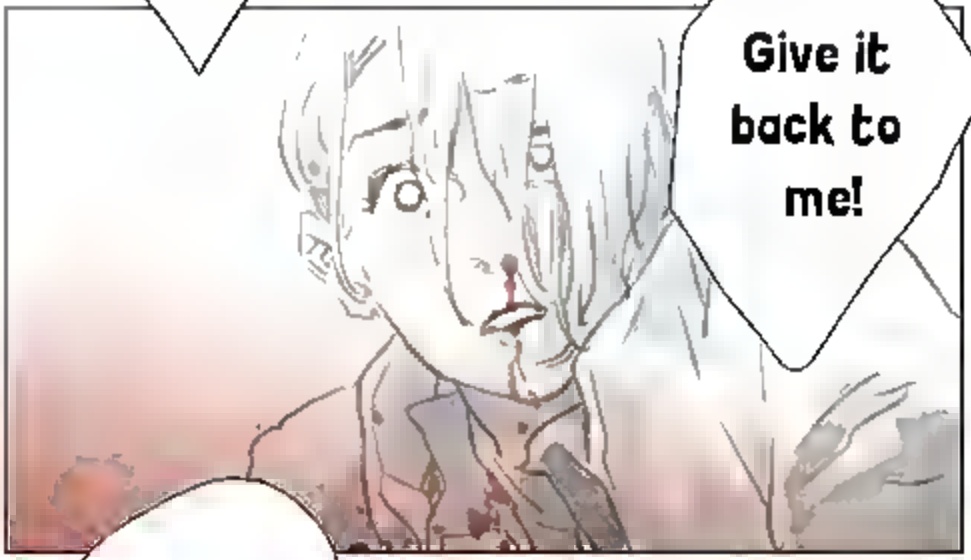
Wei Wei!



Give it back ta me! Give it back ta me!!

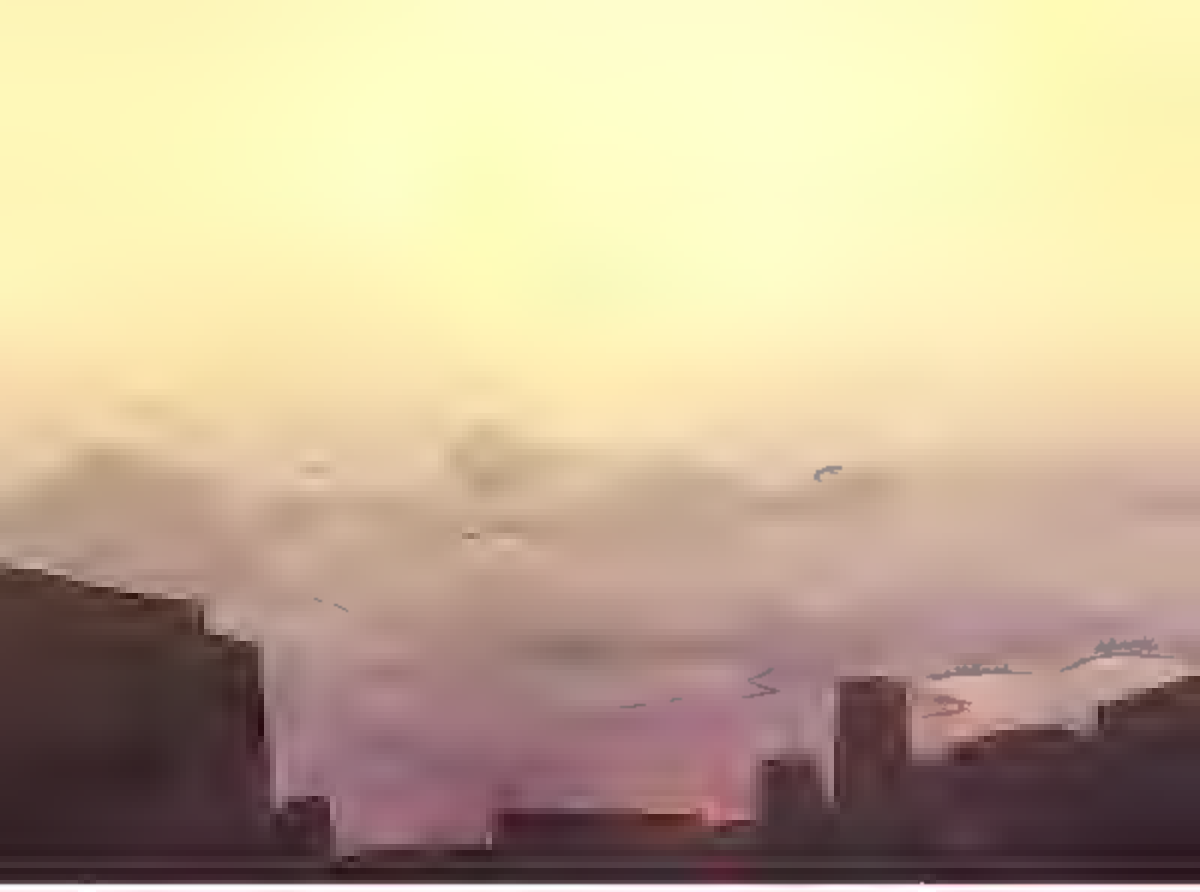
Stop it!
Quick, stop it!

Give me back my son's eye!



Give it back to me!
Wei Wei!

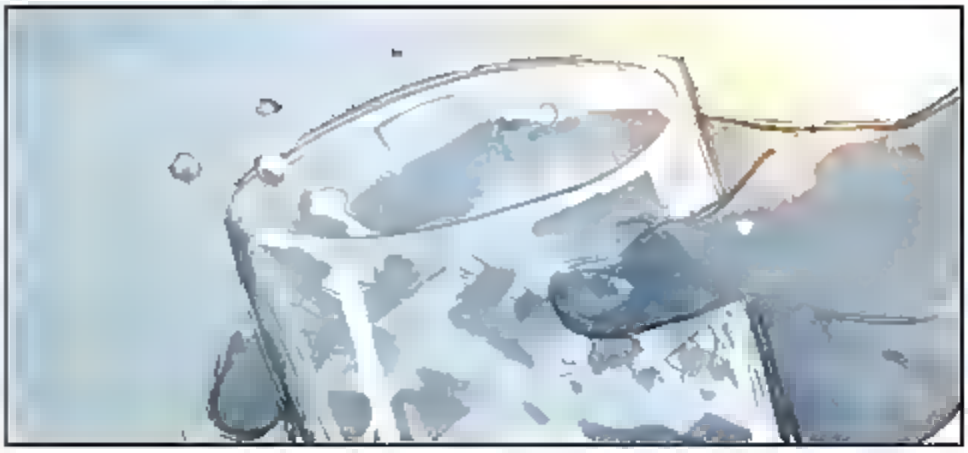
@Jae-五宝



I'm really
all right...

I'll take you back home...
It's just a small injury, you don't need to stay with me...

Wei Wei, today I.....
I'm sorry..... I just want to be alone for a while...



Pa

Xiao Ou, you didn't say anything wrong.
